

Remarks

Applicant recently recognized that a cross reference error was made when the above referenced application was initially filed. To this end, in paragraph 0001, line 5, the reference to 09/833,358 was inaccurate and the reference should have been to 09/833,258 (i.e., the "2" in the correct reference was inadvertently replaced with a "3"). The error is further evidenced by the fact that reference 09/833,358 does not refer to an application with the specified title while correct reference 09/833,258 is related to an application with the specified title (i.e., "Product Labeling Method And Apparatus").

No fee in addition to the fees already authorized in this and accompanying documentation is believed to be required to enter this amendment, however, if an additional fee is required, please charge Deposit Account No. 17-0055 in the amount of the fee.
